Distressed Real Estate

Our Distressed Real Estate team is a longstanding national leader in handling and resolving distressed real estate matters.

Established more than a decade ago, the team successfully helped a wide range of clients navigate the last market downturn and has been guiding them through COVID-19 related disruptions and, now, through current market challenges arising from increasing interest rates and construction costs, and the impact of an inflationary and, potentially, recessionary environment. For more information or to schedule a remote program for your organization, please contact your Ballard Spahr lawyer or a member of our Distressed Real Estate team.
