

HEALTH CARE FINANCE

For more than 60 years, Ballard Spahr's Public Finance practice has been helping the nation's leading health care systems advance their missions and distinguish their programs with innovative and realistic financing plans for their capital needs.

Our clients range from top health care systems with facilities throughout the country to stand-alone community hospitals. We have participated in financings for specialty hospitals, medical schools, academic medical centers and their respective affiliates, publicly owned hospitals and health care providers, hospital districts, state and local authorities, nonprofit corporations, cities, counties, and leading investment banks.

Our health care finance experience extends to sub-acute care facilities, such as nursing homes, ambulatory care facilities, mental health treatment facilities, assisted living facilities, and continuing care retirement communities.

Ballard Spahr has been involved in nearly a thousand bond issues for health care facilities, aggregating more than \$36 billion, including more than 50 transactions in the past 10 years as underwriter's counsel, aggregating more than \$8 billion.
